

OTHER PEOPLE

I never tried to be a hero
You took us from the stars to zero

We had a love devout without a shred of doubt
We never worried 'bout other people
You broke the spell and wanted something else
Well, go fuck yourself with other people
Other people

No more sun, no more dance, no dance floor
We left it all to chance, no encore

We had a love devout without a shred of doubt
We never worried 'bout other people
You broke the spell and wanted something else
Well, go fuck yourself with other people

Oh, baby it's just your body
Go, let in everybody
They won't be there when you're sorry

Other people Oh, baby it's just your body
Will it know that you love somebody
Who won't be there when you're sorry?
Other people

Fuck you baby, thank you babe, darling
Don't explain, don't explain
Fuck you baby, thank you babe, darling
Don't explain, don't explain

We had a love devout without a shred of doubt
We never worried 'bout other people
You broke the spell and wanted something else
Well, now go fuck yourself with other people

Oh, baby it's just your body
Go, let in everybody
They won't be there when you're sorry
Other people
Oh, baby it's just your body
Will it know that you love somebody
Who won't be there when you're sorry?
Other people.
